

I am writing in support of the KLOVE radio station on my local air waves. I listen to this station almost exclusively, as do many of my friends and co-workers. I believe in listener funded radio and support this station financially. I am encouraged by the music I hear on KLOVE and think that it's positive message is in the public interest. I listen to KLOVE on 89.3, as well as 89.7 and 96.5. I encourage you to decide to let it stay on the air on these frequencies. Thank you.
Mark Anderson, Sutherlin, Oregon.
